

Fluorescent Light Bulbs

Fluorescent light bulbs contain hazardous materials like mercury which are prohibited from entering landfills. The County hosts two household hazardous waste collections in the spring where residents can drop off fluorescent light bulbs. If you cannot make it to one of the household hazardous waste collections or need to drop off more bulbs throughout the year, businesses outlined below collect fluorescent light bulbs year round.

Year round fluorescent light bulb collection points:

Business	Location	Type	Cost	Phone Number
Menards	St. Cloud	CFL* Only	Free	(320)-240-0075
Menards	Elk River	Tube & CFL	Free	(763)-241-2009
